AJMAN, UAE

## Front-End Development, React JS Developer, Web Application Development & User Interface Design

Seeking challenging opportunities in Dubai / Gulf region with a focus on innovative web development within the IT industry

### PROFILE SUMMARY

- Front-End Developer** with 2+ years of experience in building responsive, mobile-first web applications and user interfaces using React JS, Next JS, and TypeScript
- Proven expertise in creating scalable, cross-platform solutions that optimize performance, enhance user engagement, and comply with industry best practices in accessibility and SEO
- Adept at collaborating with diverse, fast-paced teams to deliver intuitive, high-performance applications
- Strong track record of translating complex Figma designs into functional, mobile-friendly web components and reusable UI elements
- Possesses language proficiency in English, Hindi. Open to worldwide relocation

### TECHNICAL SKILLSET

- Frameworks & Libraries:** React JS (v18+), Next JS
- Languages:** JavaScript (ES6), TypeScript
- State Management:** Redux, RTK Query, React Query, Context API
- UI & Styling:** HTML5, CSS, SCSS, Tailwind CSS, Bootstrap 5, Material UI, Next UI, Ant Design
- Tools & Integrations:** REST APIs, Git, Bitbucket for data visualization
- Mobile-First & Responsive Design:** Expertise in creating mobile-friendly UIs using modern CSS techniques and responsive frameworks

### CORE COMPETENCIES

Mobile-First Design  
Cross-Browser Compatibility  
Performance Tuning

Web Development  
Front-End Optimization  
Version Control (Git)

Programming & Implementation  
State Management  
RESTful API Integration

### PROFESSIONAL EXPERIENCE

**Kapreign PVT LTD** | Kochi, India

*Software Engineer* | June 2024 – January 2025

- Collaborated with the team to design and develop responsive websites and web applications using React.js and related technologies.
- Built and optimized dynamic, user-friendly interfaces with a strong focus on performance and scalability. Designed and developed e-commerce websites, incorporating features like product catalogues, secure payment gateways, and real-time order tracking to enhance user experience and boost client sales.
- Participated in regular client meetings to gather requirements and provide updates on project progress.

Maple Tech Space PVT LTD | Thrissur, India  
Junior React Developer | August 2023 – May 2024

- Developed responsive, mobile-first user interfaces using **React.js**, **TypeScript**, and **Next.js**, ensuring high performance across all devices
  - Translated **Figma designs** into **interactive, mobile-friendly web components** optimized for desktop and mobile environments
  - Utilized **SCSS** and frameworks like **Tailwind CSS** to ensure responsive, scalable layouts
  - Collaborated with backend developers to integrate **RESTful APIs**, ensuring smooth data flow and integration across systems
- Key Project: The Canadian Home**
- Designed and developed a **property management platform** featuring advanced search filters (e.g., price, city, bedrooms) and dynamic content for real estate transactions
  - Optimized site performance for **Core Web Vitals** compliance, focusing on **mobile responsiveness** and accessibility
  - Developed a **customizable CRM system** to streamline lead management and communication

Bluehour Technologies PVT LTD | Kochi, India  
Junior Front-End Engineer | April 2022 – June 2023

- Created **intuitive, mobile-first UIs** using **React**, **JavaScript**, **TypeScript**, and **SCSS**, ensuring optimal performance and cross-device compatibility
- Key Project: Bluehour Product Image Editing**
- Integrated advanced image editing features such as **resizing**, **rotating**, and customization of **text styles**, colors, and fonts using the **Konva.js library**
  - Collaborated with backend engineers to integrate **AI-powered features** like **auto-enhance**, **auto-position**, and **auto-description**, enhancing user productivity
  - Optimized image sizes and compression for faster load times, improving user experience
  - Contributed to building and enhancing the **Admin Dashboard** of the **Bluehour App**, improving user interface and functionality for seamless administrative control

Luminar Techno Lab | Kochi, India  
Web Development Intern | December 2021 – April 2022

- Developed responsive UIs using **React**, **JavaScript**, **CSS**, and **Bootstrap** for various demo websites and a **MEAN stack** bank application
- Focused on **mobile compatibility** and **cross-browser testing** to ensure optimal performance on different platforms

#### CERTIFICATIONS

NACTET Certified MEAN Stack Development Course
